

Student Council, Head of Social Initiatives

I was elected Head of Social Initiatives and part of the Student Council in 2024 from a batch of 141 students. This has been an exhilarating and educational journey. As Social Initiatives Head, I am responsible for all social outreach within the school and the projects we undertake outside as well. The highlights of the year have been a multi-school Conference on Equality of Education and the implementation of a mentorship programme for students from diverse backgrounds.
